SFNano Board 2017

President: Dr Nathalie MIGNET

Vice President: Dr Jean-Luc COLL

Treasurer: Dr Sylvie BEGU

Associate treasurer: Dr Ariane BOUDIER

Secretary: Dr Marie-Pierre ROLS

Associate secretary: Dr Amanda ANDRIOLA SILVA (BRUN)

European relationships: Dr Sébastien LECOMMANDOUX

Communication: Dr Lucie SANCEY

Communication: Prof Bernard LEBLEU

Industriall Relationship: Dr Fethi BENSAID

Communication, webmaster: Dr Anne-Claude COUFFIN

Communication, social media: Dr Didier HOARAU

Sponsoring: Dr Nicolas TSAPIS

Senior Scientist, DR CNRS | **Institut Galien Paris-Sud**

Particle engineering for Therapy UMR CNRS 8612

Univ. Paris-Sud, Université Paris-Saclay – **Paris, France**

Expertise: nanosystems for biomedical imaging/theranostic, spray drying for lung therapies, fluorinated and thermosensitive polymers.

LinkedIn Profile of Nicolas

R&D Manager, Injectables | **CHEMO GROUP**

Chemo Industrial

Quintanapalla, 2 – **Madrid, Spain**

Expertise: DDS, parenteral forms, lipid nanocapsules, modified release solid dosage forms, (a)NDA filing

LinkedIn Profile of Didier

Objectives of the society

1/ Favour scientific exchanges

Favour knowledge diffusion and know-how

Promote interaction between scientists

Based on multidisciplinarity

2/ Be representative of the French Community

Increase the visibility of French teams

Favor the networking through meeting co-organisation

Increase the valorisation potential of our research

Our meeting organisations

One annual meeting a year: each december

- Presented by topics: 3 invited speakers: 1 academic, 1 industrial, 1 physician
- Selection of abstracts for keynote speekers by externalised scientific advisors
- Two awards: Sanofi price for the best oral, Poster price

Summer school every two years

on a particular topics, only invited speakers

Co-organisations with other societies

European Nanomedicine Meeting 2015

December 7-9, 2015 | Grenoble - France

Co-organized by

SFNano

nano-med europe Grenoble 2015

Sessions: *Nanocarriers for Macromolecule Delivery*
Nano and Micro-Medical Devices
Nanospecific Toxicological Issues
Nanomedicine and Imaging
Nanomedicine and Cancer
Nanomedicine for Tissue Regeneration

In collaboration with

CLARA Cancéropôle Lyon Auvergne Rhône-Alpes

British Society for Nanomedicine

SFNano Annual Meeting 2016

December 12-14, 2016 | Paris, France

SFNano 2016 – 3rd Annual Meeting

In collaboration with NanoSciences Ile-de-France, Resmi – imaging life – European Society for Molecular Imaging, MRS Metastasis Research Society

5 sessions

Design and Characterization of Nanosystems
Macromolecule Delivery and Nanomedicine
Nanomedicine and Cancer
Nanomedicine and Imaging
Nanomedicine and Severe Infectious Disease

SFNano Scientific Actions 2017

1/ Organisation of a session nanomedicine to the **RITS**, SFGBM conference
Research in imaging and Technologies for Health
Lyon, 27-29 march 2017

2/ Participation to the **European Nanomedicine Meeting**
British Society for Nanomedicine, London, 3-4 th April 2017
Fundamental, preclinical and translational nanomedicines

3/ SFNano summer school on **nucleic acid delivery**
June 7-9th, la Grande Motte

4/ Annual Congress December 5-7thBordeaux

SFNano Summer school

La Grande Motte/Montpellier
June 7-9, 2017

Theme

Nucleic acids-based strategies to control gene expression:
DNA, siRNA, mRNA, Genomic edition, Crispr/Cas9
principles, clinical translation and delivery issues**.**

Confirmed speakers

S. Braun (AFM), **B. Monia** (Ionis Pharm.), **M.-P. Rols** (CNRS Toulouse),
R.L. Juliano (Univ. North Carolina), **K. Karikko** (BioTech RNA Pharm, Mainz)
M.J. Gait (MRC Cambridge), **M. Wood** (Univ. Oxford),
C. Giovanangelli (Museum Paris), **S. El Andaloussi** (Univ. Stockholm),
J. Boutin (Servier), **M.A. Lindsay** (Univ. Bath),
P. Midoux (CNRS Orléans), **V. de Franciscis** (CNR Naples),
C. Pichon (Orléans) , **J.-L. Coll** (INSERM Grenoble),
Tagnaouti Precision NanoSystems, Vancouver

4th SFNano Annual Meeting

INP – Campus Talence | Bordeaux
December 5-7, 2017

SAVE THE DATE

Topics:

- Design and characterization of Nanomedicines
- Smart Nanosystems for Therapy and Imaging
- Bio-inspired Nanomedicines
- Nanomedicine for delivery of Biomacromolecules
- Nanomedicine & Cancer
